

Hi Festival Friend,

Are you ready to be wowed! The TSB Bank Festival of Lights is just around the corner and your summer has never looked so good.

With less than a fortnight to go, we're putting the finishing touches to this year's route and Pukekura Park is looking fantastic. Hidden gems throughout the park means there is always something new to discover, and the new features will dazzle!

While we don't want to let the cat out of the bag (you'll just have to come along to check it out yourselves!) the lighting around the main lake has had a makeover and, with help from a local designer, a lighting theme has been developed. Expect to be wowed!

This season the festival lights up on Sunday 14 December and runs through to Sunday 8 February 2009. The nightly entertainment takes the stage from Friday 19 December and the daytime events kick off on Saturday 20 December. With more than 115 local, national and international performers, there's something for everyone.

The festival programmes are being sent this week. If you don't receive a copy this week please let us know and we'll pop one in the post.

You can also check out the full line up on www.festivaloflights.co.nz and start planning your summer of fun!

Looking forward to seeing you at the festival!
